

# Learn LaTeX in 30 Minutes

Your Name

July 22, 2025

## 1 Introduction

This is a quick introduction to LaTeX.

## 2 Basics

You can write math like this inline:  $E = mc^2$ .

Displayed equations are written like this:

$$\int_a^b f(x) dx = F(b) - F(a)$$

## 3 Lists

- Item 1
- Item 2

## 4 Conclusion

LaTeX is great for scientific documents.
